Education

Parul University, Vadodara, Gujarat
Bachelor of Technology in Computer Science
Cumulative GPA: 7.96 / 10.0

Sept 2023 – May 2027

Hackathon Experience

Team Lead — Vadodara Hackathon 6.0

Vadodara, India

- Led a 6-member team to design and develop **CampusEase**, a centralized campus management system.
- Architected the backend using Django and MySQL while coordinating frontend-backend integration.
- Presented the solution to the jury panel, explaining system design and real-world impact.

Participant — AI/ML Hackathon 1.0

Vadodara, India

- Worked on a real-time object detection system using computer vision techniques.
- Contributed to frontend development for displaying live detection results.
- Collaborated with team members to integrate ML outputs with the user interface.

Projects

CampusEase

Django, Python, MySQL, HTML, CSS

GitHub Link

- Developed a centralized campus management system to streamline academic and administrative processes.
- Implemented modules for student management, faculty coordination, and campus-related services.
- Designed a structured backend using Django ORM for efficient and scalable database interactions.

WorkFlowX – Enterprise Task & Workforce Management Platform

Django, MySQL, WebSockets

GitHub Link

- Designed and developed a full-stack workforce and task management platform using Django.
- Implemented real-time communication and notifications using WebSockets for improved collaboration.
- Built core modules including attendance tracking, task assignment, salary management, and meeting scheduling.

Technical Skills

Languages: Python, Java, C, C++, SQL

Frameworks & Technologies: Django, Flask, Pandas, NumPy, LangChain, Retrieval-Augmented Generation (RAG), ServiceNow (ITSM, Flow Designer, Service Catalog)

Tools & Databases: Git, GitHub, Postman, VS Code, MySQL, SQLite, MongoDB

Core Concepts: Data Structures & Algorithms (DSA), REST APIs, NLP, Workflow Automation

Achievements

- Earned **ServiceNow Certified System Administrator (CSA — Zurich Release)**, demonstrating expertise in ITSM, Service Catalog, Flow Designer, and platform navigation.
- Qualified for Round 01/02 of the XR Creator Hackathon under the Create in India Challenge (WAVES 2025) for advancing an innovative Extended Reality (XR) solution.

Certifications

ServiceNow Certified System Administrator (CSA — Zurich Release)

Bootcamp on AI — MeitY

Mastering Python — Infosys Springboard

Cloud Computing and AI with AWS — Parul Institute of Engg. and Tech.
